

### Mission Statement

Oak Park recognizes the worth of each student, maintains high expectations, and strives to meet the needs of the "whole child" as we instill a life long love of learning.

### Belief Statement

Each student is a valued individual with unique physical, social, emotional, and intellectual needs; therefore, instructional practices will incorporate a variety of learning activities to accommodate differences in learning styles. Challenging experiences will be provided to insure individual success. The Oak Park faculty, children, parents, staff and community will share the responsibility for advancing the school mission at home and school. Student learning will excel in a safe and nurturing environment.
